Program Goals and Behavioral Covenant:

Norfield Church seeks to provide children with educational opportunities that promote Christian growth in relationship with God and spiritual formation in relationship with self and others through Biblically-based and Christ-centered programs that teach the essential meaning and life applications of God's law, God's love and God's covenant in ways that are current, intentional, relevant, innovative, engaging, and that provoke thought, inspire prayer and empower action. Therefore, appropriate behavior is expected of all Discovery Hour participants at all times so the teachers can focus on teaching the entire class and the students can experience an environment conducive to discovery and growth. A disruptive child will be warned and the parent(s) will be notified. If a second warning is necessary, the parent will be asked to join the child in the classroom. We sincerely appreciate your partnering with Norfield's Christian Education Program, and we look forward to a year that awakens the Christian spirit in all of us.
